

RAPID VISION HUB

From Many Views To One Hub of Control

Product Overview

Rapid Vision Hub (RVH) is a centralised video viewing and display management solution that consolidates live feeds from IP-based cameras into a single hub.

Key Features

- Centralised Viewing
- Multi-Site Support
- Scalable Viewing
- Display Management

RVH complements existing NVR/VMS deployments by adding a unified real-time viewing layer for situational awareness.

Target Applications

- ✓ Retail Outlets
- ✓ Manufacturing
- ✓ Logistics
- ✓ Campuses
- ✓ Enterprises
- ✓ Command & Control Rooms

Supported Cameras

Vivotek, Honeywell, CP Plus, Dahua, Hikvision, Norden and WBox and other IP-based camera brands.
